

Home Alert 1300 302 588

Other Home Alert services

Home Alert offers additional services to the Home Alert Emergency Monitoring Service:

Home Alert Reminder – scheduled reminder calls for example, to take medication or for regular appointments.

Home Alert Companion – weekly or twice weekly contact calls.

Home Alert Movement Monitor – checking for movement and activity in the home.

Home Alert Fall Detector

– the device automatically contacts the Home alert monitoring service if you fall, even if you are unable to press the button on the Home Alert pendant.

Home Alert Smoke Detector – device automatically contacts the Home alert monitoring service about fire risk in the home.

Ask our Home Alert Consultant for more details about these services.

Also available from Calvary Silver Circle

Home Support – practical help at home, personal care and carer support

Home Safe – safety, independence and access at home with simple home adaptations, modifications and maintenance and inexpensive living aids and equipment

Information and Advice – information and advice to help explore care options and choose the right care

Home Alert

Safety, reassurance and emergency response at the touch of a button

1300 302 588

Help when you need it

Independence, security, safety, contact, familiarity and reassurance

Home Alert is a unique personal emergency monitoring service of Calvary Silver Circle, a leading home support service.

Flexible and easy to use, Home Alert brings a range of support services to your home. Home Alert can provide emergency monitoring reminder and companion calls, activity, smoke detection and, if you are at risk of falling, a falls detection device.

Day and night, Calvary Silver Circle's Home Alert will provide you and your family with the security you are looking for.

Always alert

You can reach help at any time with Home Alert simply by pressing the button on the specially designed light-weight pendant you wear or by pressing a button on the Home Alert communication unit which we will install in your home. When you press the button, the Home Alert communication unit will dial the monitoring centre.

The Gem Home Alert pendant

Action in an emergency

The Home Alert monitoring centre is designed to meet rigorous Australian standards and is staffed by highly skilled, experienced staff. The friendly Home Alert staff responding to you will know who you are and what action to take in an emergency from the confidential information you provide when you become a Calvary Silver Circle Home Alert client.

You may want family, a friend or a neighbour called to help or just reassurance from a friendly voice. Importantly, Home Alert will call for help even if you are unable to speak.

Technology you can trust

Calvary Silver Circle has chosen the most up to date technology available for Home Alert, sourced from Tunstall, a world leader in personal monitoring. Like Calvary Silver Circle, Tunstall specialises in supporting people at home. The Home Alert communication units are simple to use, robust and reliable and can be quickly installed at home.

The T400 Home Alert contact unit

The pendants to trigger the alarm units are easy to use. They are completely waterproof and can be worn around your neck, on your wrist or clipped to your clothing. There are also other triggers for people with special needs.

Arranging Home Alert

Home Alert is available for anyone who needs security and reassurance at home. You can choose to just use Home Alert or use Home Alert in combination with Calvary Silver Circle's other home support services.

To find out more about Calvary Silver Circle's Home Alert, call 1300 302 588 and talk to a Home Alert Consultant. You can discuss your needs or arrange an obligation free demonstration at home. Our Home Alert Consultant can advise you about other Calvary Silver Circle services.

If you are already using Calvary Silver Circle home support services, you may wish to speak to your Service Coordinator about taking advantage of Home Alert.
